Respondent/Answer to Petition

To Answer the Petition I have already filed cases in the past six to seven years that were rejected by this same Judge Harwell. Petitioner Respondent ask that the Judge be recused from this case. And warrants be issued to subpoena to submit documents and testify at hearing. Ms Sherrod was called and told in person that other IRS centers had information.

I am tired of these lies Ms Sherrod told me same thing that came from Utah, Tennessee, Georgia, Ohio, Oregon, Pennsylvanian, and ect... they need to do some research. My life and my family life is not for her or anyone else research. I told I wanted these so called ones she talked to about me subpoena, warrants issued, arrested made of these ones who said I was not 501(c)(3), Native American Indian Cherokee, and a Veteran before me in a court of law. These false accusation has cost me time, money,

my disability (SSI, DVB, + Retirement) payments, medical care, + ect... She was the one and I quote "notifying all agencies of this levy"; her words not mine.

Wherefore Non Prisoner Respondent ask for the

following:

- (1) This Conspiracy Revealed [all of it] and warrants issued and arrests made
- (2) All payments asked for in formal cases paid in full
- (3) And a Hundred fold payment made of all items lost or need to be replaced ect... [tithes, church, bibles, prayer books, house, my trucks + cars, clothes, + ect.]
- (4) Medical care restored for me and my family

I so certify that all information was given to Ms. Sherrod and the courts now and before.
